بسم الله الرحمن الرحيم
The Education of Our Youth Should Rest on Three Foundations: Faith, Knowledge And Performance.

HM Late King Faisal Bin Abdulaziz
لحظة قطف بهيج، وزخات عطر باذخ، ونحن نحتفل بباكرة الثمر الوعيد لهذه الجامعة العصرية الفنية.

وكاً يسع مؤسسة الملك فيصل الخيرية، ومجلس أمناء جامعة الفيصل، أن يزفنا إلى المجتمع السعودي - والعربي - النخبة الأولى من طلبة وطالبات هذه الجامعة، الذين أنمو دراستهم في تخصصاتهم العلمية المتعددة وحصلوا على إجازتها التي تؤهلهم لخدمة مجتمعاتهم، في المجالات الحيوية، التي أقنعوا معارضها - النظرية والتطبيقية - في بيئة أكاديمية متكاملة، توفرت لها كل أسباب العصر. وقد أقامت مؤسسة الملك فيصل الخيرية هذه الجامعة - ضمن أنشطة المنهاجية - تفعيلاً لرؤية الملك الشهيد - يرحمه الله بضرورة قيام صرح علمي، يقدم البرامج الأكاديمية التقنية المتخصصة، بأفضل المعايير المعاصرة بالتعاون مع أفضل جامعات العالم.

وقد حظي المشروع - منذ بدأته - بالمبركة والدعم الكريم من سيدي خادم الحرمين الشريفين الملك عبد الله بن عبد العزيز، وسمو سيدتي ولي العهد، ما أكسبه زخماً وعجل مسيرته.

كما اعتنى لدعم هذه الجامعة نخبة من الأخوة الأفضل - في المملكة، وخارجاً - إيماناً منهم بتسريع نطاق المسؤولية الاجتماعية في خدمة تنمية الإنسان العربي، ليكون قادرًا على المنافسة - منتجًا وفاعلًا - في حلبة السباق الحضاري العالمي.

وقد أسهمت كل هذه المعطيات في تأسيس الجامعة، بالخبرة العصرية العالمية في شتى المجالات، وعلى أساس نظام من القيم والأسس الرافية، تتجلى في منظومة سياساتها وآلياتها ومنهجية صنع القرار، والحوكمة المسؤولة، وبيئة تدريسية بكفاءات مهنية عالية، تقدم المثل والقدوة لطلابها وطالباتها، علمًا وعملاً وسلوكًا.
واليوم وأنا أطلع المشهد أبابي بابائنا وبنائنا، شبابنا في عمر الزهور، وثمارًا ثمارًا لهذه الجامعة، واستعيد مشوار التفكير والتذبب، والارباع وتحدي السابق هنا المشروع الحيوي الكبير، حتى شهدت حلول غرامها، ومنذ الوقت سرعان أشارت مشهد اليوم الحفل الرابع لخريجها، ولا أشك أننا نعزز ونتفائل بهؤلاء الخريجين، وهم يغادروننا -على تواصل- مسلحين بالعلم النافع، متوكلين على رحمه، لإعمار الأرض إنفاذاً لمشيئته جل وعلا.

والهم أتوجه بخلاص التهنيئة، أحيي فيهم دأبهم على المزيد من العلم والمزيد من النجاح.

كما أتوجه بالشكر إلى كل من أسهم في هذا الصرح العلمي الباسق، حتى غدا منارة في رياضنا العاصمية لخدمتنا وأمننا العربية، إلى المزيد من التقدم والنجاح، وبالله التوفيق.

صاحب السمو الملكي
خالد الفيصل
رئيس مجلس الأمناء
It is a wonderful moment, heavy with the delicious smells and scents of the new harvest, as we celebrate the gathering of the first fruits of this modern young university.

We, the King Faisal Foundation and the Board of Trustees of the Alfaisal University, are delighted to present to Saudi Arabian society - and to the Arab world - the first elite cohort of young men and women of this university, all of whom have completed their studies in their various scientific pathways and have obtained the degrees which qualify them to serve their communities in a variety of crucial fields of vital application to our modern society - fields in which they have demonstrated competency in both theory and practice. The King Faisal Foundation established this University as part of its education mission to realize the vision of the martyr king – Allah Bless his soul – of establishing a scientific institution that offers specialized academic programs having the best and most up to date formats and resources, cooperating with the best universities overseas.

This noble project, since it’s beginning, has enjoyed the support of the Custodian of the Two Holy Mosques, King Abdullah bin Abdul Aziz, and the Crown Prince, which has given this mission momentum and pace. This university has also been supported by a distinguished elite of individuals both inside and outside the Kingdom, who took upon themselves the social responsibility of serving the Arab nation, enabling each individual within the walls of this institution to be a unique competitor on the race track of universal civilization.

All these influences have contributed towards founding this university upon a solid base of international modern experience in its multi-disciplinary fields, and upon a base of high moral principles and values. This firm grounding is reflected in the system of the university’s strategies and protocols, in its regulations and decision-making processes,
in its curriculum, in its governance, and in its competent teaching staff - hereby offering the requisite theoretic, scientific and practical ideals, examples, norms and values to its student body.

Today, as this ceremony unfolds before me, I am proud of our sons and daughters, the ripe fruit of this university, and recall the long journey of forethought, effort and planning that was undertaken to prepare for this great day, from the time that I presided over the laying of the first foundation stone, till today, as I attend this fourth ceremony of the university’s fourth graduate students. It is no doubt that we are proud of, and optimistic for, these graduating students as they leave us, taking with them the benefit of knowledge bestowed upon them and, counting on Allah, to proceed hence to reconstruct and reform our world, and to give effect to the will of Allah. I congratulate them, and salute their perseverance in their pursuit of knowledge and success.

I thank, too, all who contributed to this place of science becoming a beacon of enlightenment in our capital, Riyadh, radiating commitment and service to our community and to the Arab nation. I wish all of you success, progress and the blessings of Allah.

---

HRH. Prince
Khalid Al Faisal
Chairman of The Board of Trustees
تفصّل جامعة الفيصل اليوم على أرض صلبة وهي تسجل لها بالتعليم العالي في المملكة أحد أسرع معدلات النمو الكفيف في التعليم الجامعي الوطني مستهدفة الجنسين دون تمييز. لقد حرّطت الجامعة على إنتاج المعايير الأكاديمية المتана من العالم في المؤسسات التعليمية العالمية الكبرى، وذلك لتفعيل التعليم والبحث العلمي بشكل متجدد ودوليًّا. كما أنها أتّبعت شراكات علمية مع أفضل الجامعات العالمية، واستمرّا في مجال البحث العلمي الذي ركز على أهمّ أولويات الجامعة. فقد أتّفقت أكثر من ثلاثين مليون ريال على مشروع بحثيّ أعدّه طلاب الجامعة، بدعم من عدد من الشركات، في مقدمتهم من شركة الملك عبدالعزيز للعلوم والتكنولوجيا.

كما فازت الجامعة بمركز متقدّم في التميز البحثي ضمن خمسة مراكز على مستوى الجامعات السعودية، وهي في المركز الأول على مستوى الجامعات الأكاديمية، وذلك ضمن الخطة الوطنية للبحث العلمي، بتميزها تقدّر بخمسين مليون ريال. وفي مجال النشر العلمي أشار تقرير «تيمسون رويترز» إلى أن جامعة الفيصل أحتلّت المركز الأول بين الجامعات السعودية من حيث متوسط الاقتباس من أبحاث الجامعة المنشورة في أهمّ المجالات العالمية، وهو مؤشر مهمّ يبين تلقّي جامعات الجامعة في مجال النشر العلمي.

أما في المجال الأكاديمي فقد أتّبعت خريجات الجامعة تميزهم وتفوقهم العلمي والأكاديمي، فقد ساهمت في سبيل الموازنة مشاركة خريجات كلية العلوم الطبية بواسطة النرويج في أفضل ثلاث جامعات على مستوى الولايات المتحدة الأمريكية، وهي جامعة براون، وجامعة كولومبيا، وجامعة ميامي. كما تقدمت الطلبة المشاركين في برنامج المطابقة الأمريكية في تخصص الطب على مستوى خريجات جامعة الفيصل، وقد قُلّت تسعئة من هذه الأسماء من أجل الدراسة الرسمية الأمريكية، كما أعلى نسبة على مستوى الجامعات السعودية.

إضافة إلى ذلك حققت كلية الطب المركز الأول للعام الثالث على التوالي على مستوى
كليلات الطب في المملكة في اختبار التقدم إذ حصل أحد طلاب الجامعة على المركز الأول، وحصل طالب الجامعة على ستة مراكز من المراكز العشرة الأولى.

واحتفلت جامعة الفيصل العام الماضي بتخريج الدفعة الأولى من المهندسين، بمستوى تأهيل متميز يمكّنهم من مواصلة دراستهم العليا في أرقى الجامعات العالمية، فقد قُبلت إحداهما في جامعة جورجيا تك، وهي الجامعة Georgia Tech العالمية، كما قُبلت طالبة أخرى للتدريب في معهد ماساشوستس للتقنية MIT، وكذلك الحال لخريجي الكليلات والتخصصات الأخرى بالجامعة. وشارك طالب كلية الهندسة في مسابقة شن إيكو الدولية للمرة الثانية بسيارة من تصميمهما، وحصلوا على مراكز متقدمة وعدد من الجوائز، ودعم من شركة رولز رويس للمشاركة في السباق القادم، إضافة إلى ذلك قام عدد من طلاب الجامعة بزيارة إلى اليابان، وعدد من الطلاب بزيارة إلى كوريا الجنوبية، وقد ركّزت الزيارات على الاستفادة من التجارب المتقدمة لتلك الدولتين، والانضمام في الجامعات والشركات الكبرى. وتعمّل الجامعة على إعداد الفرصة للراغبين في التدريب الصيفي والاستفادة من التجارب المتميزة في الدول المتقدمة.

في الختام، أقدم رسالة شكر وتقدير لصاحب السمو الملكي الأمير خالد الفيصل، رئيس مجلس الأمناء، الذي ظل على الدوام موجهاً وداعمًا ونافذ، في كل أمكنة اتخاذ القرار، ونصبًا لبناء الجامعة النهوضية، فيدرون دعمه وتوجيهاته لم نكن نتصوراً ولوجاً، وهو كله لتحقيق إلهام وفرص بناء صناعي، ودعم وتفويض مجلس الأمناء الكرام على ما أعوده من دور كبير وهمّ، وصاحب السمو الأمير بن سعد بن كhaled رئيس مجلس الأمناء، رئيس اللجنة التنفيذية، على ما أقدمه الجامعة من رعاية واهتمام متواصل، ومملوكًا، ومملوكًا وزيرة التعليم ووزير الوزارة على ما تقدده الجامعة من اهتمام، حفظ الله وطناً وأراد علينا نعمة الأمان والرضا في ظل قيادة خادم الحرمين الشريفين الملك سلمان بن عبد العزيز، وسمو ولي عهده الأمين، وسمو ولي العهد.

أ.د. محمد بن علي آل هيازع
مدير جامعة الفيصل
Today, Alfaisal University stands on a strong foundation. Maintaining one of the fastest qualitative growth rates, in the Kingdom of Saudi Arabia, Alfaisal has achieved equity in higher education for both genders. Accreditation for its academic programs, both national and international, is a keen objective. Alfaisal, since its founding, continues to maintain partnerships with some of the most prestigious international universities in the field of academic research. Maintaining these partnerships, with Harvard, MIT and others, is of the utmost priority for Alfaisal as partners have contributed to more than 30 million SAR in funding for both faculty and student research with King Abdulaziz City for Science and Technology being the lead contributor.

Within the framework of the national strategic plan for Centers for Excellence in Research, Alfaisal University was awarded the Center for Excellence in Nanotechnology with an estimated budget of 50 million SAR. It is one of five Centers for Excellence in the Kingdom and the only one to be awarded to a private university. Moreover, Thomson Reuters confirms Alfaisal’s first place ranking in the Kingdom for research publications, among Saudi universities, in citations per paper. Furthermore, Alfaisal established the first Centre for Deprivatization Companies that is the only centre of its kind in the Kingdom of Saudi Arabia.

 Academically, Alfaisal graduates have proven themselves to be exceptional as evidenced by College of Science graduate Sarah Alazzam who was accepted into no less than three ivy league universities: Brown University, University of Pennsylvania, and Columbia University. Speaking of acceptance, our College of Medicine had the highest acceptance rate in the Kingdom for USMLE applicants as nine of our ten graduates were accepted to sit for the US Medical Licensing Exam. In addition, among university medical programs in the Kingdom, Alfaisal is ranked first for the Progress Test. In garnering six of the top ten slots for the
Progress Test, including first place, Alfaisal secured its top ranking for the third consecutive year.

Last year, Alfaisal University celebrated its first female graduates from the College of Engineering and their outstanding academic achievements. Many of them have continued their studies in world-renowned graduate programs such as computer science at MIT and industrial engineering at Georgia Tech. College of Engineering students also made our university proud by participating as members of Team Alfaisal, in the Shell Eco-marathon that was held this year in the Philippines. Achieving high marks, and a number of prizes in the international competition, the students both designed and built a fuel efficient car. A number of our male students visited Japan and a number of female students visited Korea, to tour both universities and major corporations. For those who wish, Alfaisal University endeavors to provide the opportunity to pursue summer training in some of the most prestigious universities and centres in the world.

I would like to express a note of gratitude and appreciation to His Royal Highness Prince Khalid Alfaisal, Chairman of the Board of Trustees, who has led by example in both guiding and supporting us. His Royal Highness has been a pillar of wisdom and support when pivotal decisions affecting the future and the quality of the university had to be made. Truth be told, we would not be as well positioned as we are today without His Royal Highness. We also extend our gratitude to the respected members of the Board of Trustees for their tremendous role as well. Our appreciation goes to His Highness Prince Bandar bin Saud bin Khalid, member of the Board of Trustees and Chairman of the Executive Committee, for the great and constant care that he provides Alfaisal. We are also grateful to the Minister of Education and the Ministry for the guidance that they have provided Alfaisal. May Allah
protect our nation and may He continue to bless us with security and peace under the leadership of the Custodian of the Two Sacred Mosques, King Salman bin AbdulAziz, the Crown Prince, and the Deputy Crown Prince.

Prof. Mohammed Alhayaza
President, Alfaisal University
نستنكر، أتقدم لكِم جميعاً بأسمى آيات الإعتزاز والتوفيق، وأتمنى لكم وللطلاب والطالبات في جامعة الفيصل مسيرة حياتية مليئة بالنجاح والتوفيق، فإننا أملنا في سمعة جامعتكم المتميزة، وأن تحصل كل واحدة منها بتفوق تفوق، وتكون في يدكم أمتلكتكم جميعاً مسيرة حياتية واعدة. 

فإنكم، أتمنى لكم يوماً رجعية معجّبة، في كل رحلة تأخذونها小さى التحصيل العلمي والدبلومات، وأن تواكبوا هذه الرحلة مع الحب والشغف لعلومكم، وأن تكونوا مثالاً لجميع الطلاب في جامعة الفيصل. 

كما أتمنى لكم يوماً ممتعًا بالعلم والمعرفة، وأن يكونوا مصدر إلهام ونور للمجتمع، وأن ينيروا طريق المستقبل بما يحملونه بهم من نقاء وعظام.
عدد الاستشهادات لكل بحث، وتستهدف الجامعة الحصول على الإعتماد المؤسسسي من الهيئة الوطنية للإعتماد الأكاديمي الفصل الدراسي الثاني والذي يتأخر بسبب إستكمال المباني.
أما ما يختص برامج السنة التحضيرية فقد زاد عدد الطلاب من 89 عام 8.9 إلى 130 عام 9.1 وتبلغ نسبة هيئة التدريس في السنة التحضيرية الذين تشكل اللغة الإنجليزية اللغة الأم الحاصلين على شهادة ماجستير 87%، بلغت نسبة تحصيل اختبار التوفل في السنة واحدة 78 نقطة والذي يجعل البرامج الأفضل على مستوى المملكة من حيث نسبة التحسن خلال سنة واحدة. مقارنة بخمس سنوات في أفضل برنامج سنة تحضيرية في المملكة. أخيراً، وانضمام معاي الاستاذ الدكتور محمد الهياز رئيس الجامعة، وصاحبة السمو الملكي الدكتورها بنت مشارى آل سعود، والدكتور خالد قطان، نائب مساعد للشؤون الإدارية والمالية، فقد اكتملت الإدارة العليا للجامعة لتكون على أهبة الاستعداد للانطلاق للمرحلة الثالثة، في مسيرتها نحو تحقيق رؤيتها بإذن الله، وتوافقت منجزات كثيرة لا يمكن حصرها في مساحة صغيرة، ولكنها متطلبات ضرورية أُتممت عليها إدارة الجامعة للمضي قدما نحو تحقيق رؤية جلالة الملك فيصل رحمه الله، ولا يدعي إلا أن النتائج بالشكر الجزيل لمشارك مجلس الأمناء المؤسس، برئاسة صاحب السمو الملكي الأمير خالد الفيصل، لكل الدعم والتأييد والتوجيه الذي تمتعت به إدارة الجامعة منذ أن بدأت الجامعة حلاً كبيرا قبل خمسة عشر عاماً، والله تعالى واي التوفيق.

فيصل عبد العزيز المبارك
نائب رئيس الجامعة للشؤون التعليمية والرئيس الأكاديمي
To the class of 2015, I give you my heartfelt congratulations and wish you all the best always - may Allah’s good blessings be upon you. As you look back upon your time at Al Faisal University, I hope your memories of hard work and struggles will only strengthen your resolve to move forward in pursuit of your chosen endeavors. For hard work, is invariably and justly rewarded. As we look back just a few short years ago, it is all too clear the phenomenal growth that Alfaisal University has experienced. From a mere 350 students and 35 faculty in 2010, we are now a community of approximately 3,000 including support staff. From only one graduate program back in 2010, we now have more than 9 graduate programs, with five more in the pipeline awaiting Ministry of Education approval: one in the College of Engineering in full collaboration with MIT. Al Faisal University is truly an international university, where 90% of our faculty and approximately 40% of our students, representing 34 nationalities, are non-Saudis. Currently we target the top two percentile of high school graduates, and will continue to be more selective as our academic reputation continues to increase.

Our faculty is ranked first nationally in terms of publications per faculty member, and Al Faisal University has, in a joint effort with the King Faisal Specialist Hospital & Research Center, been ranked first in medical sciences and third nationwide in Citation Impact in influential journals, according to the independent and prestigious Thompson-Reuters Report. A recent report from the 2015 QS World University Rankings for the Arab Region shows that Alfaisal University has maintained its number one ranking in the Kingdom for the second straight year in a row; as well as improved its ranking overall in the Arab Region from 8 to 5 in the number of citations per research paper, based on the Scopus database. Next year, Allah willing, we will be certified for NCAAA accreditation, a status that has been delayed in part due to the completion of new facilities, rather than solely academic
qualifications.
Our Preparatory Program, (UPP), increased from 89 students in 2008 to 474 in 2015. With its minimum Master’s level and 100% native English speaking faculty, it has become a national leader in providing quality English education. With its four specialized college pathways, our UPP students have increased their TOEFL scores by as much as 70 points in one academic year, compared to 50 points in the best UPP program in the Kingdom. Last but not least, Al Faisal University, with the appointment of our new President, HE Professor Mohammad Al Hayzaa, Vice President HRH Princess Maha bint Mishari Al Saud for External Affairs and Development, and Dr. Khalid Al Kattan as Vice President for Finance and Human Resource, has now become a fully-fledged institution in terms of its new echelon of leadership. Our accomplishments are too many to list, but we continue to move forward to make HM King Faisal’s dream come true. I would like to thank our esteemed BOT members, Chaired by HRH Prince Khalid Al Faisal, for all their support that we have been enjoying since our institution was on a drawing board more than fifteen years ago.

Dr. Faisal Abdulaziz Al Mubarak
Provost and Vice President for Academic Affairs
Dear Graduate

I would like to express my personal congratulations on your graduation from Alfaisal University. You have all the right to be proud of achieving this goal. My congratulations extend to your family and friends who have encouraged and supported you throughout this journey. You have worked hard to achieve this breakthrough in your academic career. Now you are embarking on a longer journey to continue your growth as a lifelong learner while serving as a member of our alumni family. Your local community and the world in large are waiting for your achievements.

It is my pleasure to confer your degree and to celebrate with you this most wonderful event. I ask Allah All mighty to be one of those who win, achieve, and gain blessings.

Again, congratulations! I wish you the best.

Sincerely,

Dr. Mohammed Alowayed
Dean of Admissions
College of Business
It is a great honor and pleasure for College of Business (CoB) faculty, staff, and I to congratulate you, the graduates of 2015 class. To see you marching in the graduation ceremony with what is originally your national dress is a testimony to the fulfillment of the late great King Faisal dream: It is a dream that came true where you have the best of Western styled management education, at the hands of excellent faculty, in an Arab/ Muslim context. You have demonstrated that Faith, Knowledge, and Performance are intertwined and the basis for successful leadership. This was demonstrated, especially at the MBA level, as you were able to strike a balance between family, work, and school and succeed; which makes the graduation even sweeter.

As graduates of Alfaisal CoB the best is yet to come. Yes, you have been trained to be business professionals and leaders. Soon you will be immersed in the business world and will be the country business leaders.

Dr. Bajis Mohammed Dodin
Interim Dean, College of Business

It is with great pleasure to have had the chance to acquire my Master’s degree in AlFaisal University. It provided me with a wonderful opportunity to meet and learn from a lot of amazing and supportive people across multiple domains and industries. It equipped me with the appropriate instruments to excel in my career path and aided me a lot in my current position as well as attaining other positions.

Najla Bandar Alyousef
Master of Business Administration

The MBA program at AlFaisal University enriched my knowledge and exposed me to great opportunities. Thank you Alfaisal for a life changing experience.

Ruthana Fawaz Hadhrawi
Master of Business Administration

Al Faisal MBA has given me the confidence to move ahead. It gave me the opportunity to step back and reflect on what I do, how well I do it and where I can improve together with the toolkit to progress. It has given me a much greater sense of appreciation for what it is to become “strategically focused”.

I found Al Faisal MBA to be a milestone in my professional and personal life. The intensity and breadth of the programme prepared me for high pressure situations, complex problem solving and work-life balancing that I can use in my approach to all challenges in my working life. Through workshops with incredibly supportive classmates, and professors who were nothing short of champions, I was challenged to discover a voice I didn’t know I had.

And now, I can say that the learning from this MBA programme have already been put into practice, in my first steps of starting a new business.

Misaa Omar Abdulaziz Alafaleq
Master of Business Administration

It is a privilege to maintain an MBA degree from ALFAISAL University. In the past two years ALFAISAL become my second home, and to all ALFAISAL students I quote “All our dreams can come true, if we have the courage to pursue them” Walt Disney

Ghaida Youssef AlSaloum
Master of Business Administration

My two years in Al Faisal University as an MBA student, was one of the most enriching experiences I have been through both personally and professionally. I have gained a considerable amount of knowledge and experience, and I enjoyed every moment of it, including all the tough challenges I faced. What I valued most is the friendships I have made with fellow students and faculty that will hopefully last a lifetime.
Lulwah Farid Alshowair
Master of Business Administration

Every great dream begins with a dreamer and I am no exception. Alfaisal has given me the faith, the knowledge, to perform my utmost to make our world a better place for everyone, everywhere. Thank you dear Alfaisal, for an academic goal achieved and a dream realized – my MBA!

Laila Khalid Aljindan
Master of Business Administration

1st Honor

«When I started at Alfaisal University, I already had a significant experience behind me, the MBA helped me to fill the gaps and gave me a broad perspective on different aspects of business, leading to a very interesting experience!»

Lebna Saleh Alrajeh
Master of Business Administration

1st Honor

I’m proud to be from the first cohorts to graduate from the MBA program in AlFaisal University. A great university, interesting faculty with respectable backgrounds, a comfortable environment, enriched my personal development and critical thinking, and developed my teamwork and leadership skills. All made AlFaisal MBA program a really stimulating experience, and have given me confidence to go back and move ahead in my career.

Nouf Ahmed Alhaqbani
Master of Business Administration

1st Honor

My experience in AlFaisal University was a wonderful experience; my personality changed and improved, also my level of knowledge increased. They continually focus on making their student satisfy. AlFaisal also increase the skills of the student through different methods.

Abeer Mohammad Alhammad
Master of Business Administration

2nd Honor

«I enjoyed the very open-minded and rich interaction with the classmates and professors during my MBA at Al-Faisal. The knowledge acquired in the courses I took could readily be used in my new job responsibilities.»

Lulwah Farid Alshowair
Master of Business Administration

2nd Honor

Every great dream begins with a dreamer and I am no exception. Alfaisal has given me the faith, the knowledge, to perform my utmost to make our world a better place for everyone, everywhere. Thank you dear Alfaisal, for an academic goal achieved and a dream realized – my MBA!
Alfaisal University introduced knowledge to me in new and fashionable ways. I was so blessed to have such an experience, especially within an environment like Alfaisal University. For me, the MBA program at Alfaisal University is a journey that I will never forget.

Lujain Hussam Jamal Haririe
Master of Business Administration
2nd Honor

First of all, I would like to thank my Mother & my Husband for supporting me during my MBA Program. During those two years I have experienced a new way of teaching where group work was successfully applied. In fact, it was a wonderful chapter in my educational journey.

Alanoud Mohammad Almugairen
Master of Business Administration
2nd Honor

In the past two years I have learned a lot from my fellow students and from our beloved faculty. Thank you all for the memories and experience! I especially thank Dr. Francois Beister for his tremendous efforts and his cooperation whenever needed. I would also like to thank my beloved husband and parents for supporting me and giving me the courage to complete my studies while I am still working a full-time job.

Mashael Abdulmalik Alashaikh
Master of Business Administration
2nd Honor

Lucky to be part of Alfaisal family as an MBA graduate and an employee!

Mariam Farouq Jabri Tabrizi
Master of Business Administration
2nd Honor

Now it’s time to say goodbye to all Alfaisal Family! It has been two years and I believe that I have gotten the most that I could get from Alfaisal. I feel the support, the knowledge and the experience that I got from here will help me to reach my goals and being exposed to new opportunities. Thank you Alfaisal for all the hard work that you did for us.

Amani Mohammed Alzahrani
Master of Business Administration
2nd Honor
When I decided to move to Riyadh to study At Alfaisal University, I found myself at a professional academic environment; MBA program enabled me to strengthen my knowledge and skills. I have learned more than what I expected, honestly it is inspired me a lot to extend my future dreams.

Areej Marzoq Obaid Almutairi
Master of Business Administration

My MBA journey in AlFaisal University has been enriching at all levels.

Shahad Mousad AlTamam
2nd Honor

Maha Khalid Alrajhi
2nd Honor

This is just the beginning!

Aldanah Abdullatif Alsheikh
Master of Business Administration

Thanks to alFaisal university that provided us the opportunity to meet excellent professors and highly qualified, I keep a great memory of the classes and of the atmosphere amongst students. The courses were very interesting and the professors are there to communicate their knowledge with us. I think the MBA at alFaisal university is an indispensable basis for anyone working in an field of management.

Alanoud Naif Alenizi
Master of Business Administration

I have nothing to say

Areej Marzoq Obaid Almutairi
Master of Business Administration

When I decided to move to Riyadh to study At Alfaisal University, I found myself at a professional academic environment; MBA program enabled me to strengthen my knowledge and skills. I have learned more than what I expected, honestly it is inspired me a lot to extend my future dreams.
I am Computer Science graduate. I planned on graduating in a technical field and then get an MBA degree to help me integrate those technical skills with knowledge of key business concepts and fields, such as Human Resource, Finance and Marketing. The MBA does not give you a list of solutions to apply to well-known problems. The MBA provides a framework within which you can develop your thinking on any key business challenge with a view to identifying the right solution. Alfaisal’s MBA program has helped me achieve my goal.

Deemah Abdulaziz Alhudaithi
Master of Business Administration

I’m glad I chose the MBA program at Alfaisal University. Being surrounded by classmates from different backgrounds makes me feel that I’m actually discovering all types of industries by studying in this amazing program.

Dina Abdulaziz Alabdullatif
Master of Business Administration

I’m glad I chose the MBA program at Alfaisal University. Being surrounded by classmates from different backgrounds makes me feel that I’m actually discovering all types of industries by studying in this amazing program.

Rehab Mohammed Alswailiem
Master of Business Administration

I’m glad I chose the MBA program at Alfaisal University. Being surrounded by classmates from different backgrounds makes me feel that I’m actually discovering all types of industries by studying in this amazing program.

Rana Jamal Alsharhan
Master of Business Administration

I always knew that I wanted to do work that would improve me in the future, but I wasn’t sure what that would be. Through Alfaisal university, I discovered that Master of Business Administration may achieve my goal. after that, I found myself applied for this major which focuses on sustainable development. and honestly it has been a good growing experience for me

Rana Mohammed AlSohaily
Master of Business Administration

In the beginning, I thought the MBA program was a farfetched dream. Now that I have conquered the impossible, I’m ready to face whatever the future holds. I would like to express my deepest and most sincere gratitude to my advisor, Dr. François, my sister, Rasha and my friend Laila for their constant support and enlightened guidance.
Sarah Saad Alouaie
Master of Business Administration

It is my great pleasure to write this letter in support of studying MBA at Alfaisal University. First of all, before thinking about studying at Al-Faisal University in Riyadh, I was thinking about studying in Bahrain. But one of my friends graduated from the University of Al-Faisal and advised me to complete my Masters degree at the University of Al-Faisal. In the beginning, I was hesitant between studying in Riyadh or Bahrain. But now I thank God for choosing Alfaisal University. I have learned a lot in these 2 years. All Doctors and instructors were helpful. I would thank Dr. Franc for all he has done and his support.

Ahad Ali Alrajhi
Master of Business Administration

I believe to be successful in any future endeavor, one must have the passion and urge to learn. This is what I find it in Alfaisal University.

Monira Sultan Alsultan
Master of Business Administration

The MBA program has enriched my understanding of the key functions within my business and helped me to fill in the gaps and look at the same tasks and activities but from different strategic perspectives.

Nahla Muhamed Alrabeaah
Master of Business Administration

My experience at Alfaisal University was very beneficial to me and provided me with the tools necessary to face professional life. Indeed, the knowledge I gained there was both theoretical and practical, transmitted by professors who are expert in their field and who prepared me perfectly well to the business world. A great atmosphere between teachers, students, and team students.

Nouf Khalid Alammar
Master of Business Administration

One of the most valuable experiences that I gained in my time during MBA Program was building networks with my classmates. I have benefited extremely on both personal and professional level from the source materials and the qualified teaching staff. I want to thank my parents who support my path education. And special thanks to Alfaisal University.
Earning a master of business administration degree from Alfaisal University was the key to fulfilling two of my career goals. First, it helped me fulfill my short-term goal which is to expand my career options. After careful consideration, I came to the conclusion that pursuing a degree in translation-related fields was impractical as it will limit my options whereas a MBA degree will provide me with a variety of options to explore on the job market. Second, it was a step in the right direction towards fulfilling my long-term goal which is to start a successful business. I strongly believe that in order to create a “successful” business, one must establish strong foundations on which to build this business. These foundations can be achieved through knowledge and expertise both of which I fortunately gained from this program. The reason I chose to pursue a master of business administration degree at Alfaisal University in particular was because I found its program to be the most flexible program allowing me to study whilst keeping my day job.

My two years in the MBA program at Alfaisal have been a great experience in terms of knowledge acquisition and valuable relationships with my MBA colleagues as well as the faculty members. Thanks a lot to everyone and for everything.

To me, it was the most suitable choice to do the MBA at Alfaisal and I am happy of that. The campus, offered courses, teaching techniques, and timing are satisfying and very appropriate, and I am certain that more and more of program enhancement will follow. Today, the Saudi labor market becomes very competitive, and graduates need to work with adequate professional competencies. Alfaisal will always be number one in Saudi, and I wish it all the best to be the highly distinguished university in the region.

Saud Ahmed Alqahtani
Master of Business Administration
1st Honor

After completing my undergraduate studies in information technology and finishing two years of investment banking, my next step was to pursue a master’s degree concentrating more towards management. An MBA program had the course structure which satisfied this criteria and I opted to join the MBA program at ALFAISAL in 2012. The period I spent there was well worth it, gaining a new viewpoint of business administration and developing my management thinking. The quality of the MBA program was remarkable and the courses I took in strategic management and applied management skills helped me shape the intellectuality I possess today.

One thing unique about the MBA program is that the huge number of presentations shapes oneself into an exceptional communicator and strong verbal skills gained enhances value to the existing knowledge and specialty.”

Abdurrahman Qahtan Alqahtani

برنامج كلية إدارة الأعمال بجامعة الفيصل لم يتعلمني علوم وفنون الإدارة فحسب بل ساعدني على التفكير بشكل أوعى وتطوير مهارات شخصية.
My two years in the Alfaisal MBA program were among the best years of my life. Doing the Alfaisal MBA was a life-changing experience for me and I found the courses to be of an exceptional quality with an amazing university faculty. The Alfaisal MBA program is a truly stimulating experience, and a very worthwhile investment in terms of both personal and professional development.

Ahmad Abdullah Aldosari
Master of Business Administration

"Alfaisal MBA added to me a lot of business acumen and best practices from different business industries. From basic accounting to advanced investment modules and portfolio management down to business strategy and complex economic theories. Alfaisal MBA is full of practical hands-on courses, for me as a full time employee, it is the best training house ever."

Essam Ahmed Alghamdi
Master of Business Administration

I am writing to express my gratitude for your time and effort in support to my MBA degree. I am pleased to be a member of Alfaisal University alumni, and for assistance you provided to achieve my goal. I will assure you that I will do my best in continuing of what I have learned in your respectful institution. I am very glad to work with an expert and professional staff in Business College at Alfaisal University. Thank you for being part of this achievement. I will extend my gratefulness for my family specially my wife for the great support she provided for me during my study.

Emad Mohammad Khadawardi
Master of Business Administration

"The MBA at Alfaisal university is a top-notch option for any student seeking individual attention, knowledgeable and experienced professors, and a more personal MBA experience than a larger program could offer. Most of the classes are between 30-20 students and have a mixed composition of adult learners with vast job experience and college-aged students who bring recent educational trends to the class. In the program, I gained tremendous knowledge of many facets of business. Course offerings are diverse and cover subject areas that include accounting, strategic management, marketing strategy, financial analysis, human resources, MIS, and innovation and entrepreneurship. The class meetings are challenging, promote critical thinking, and give students every chance to build a robust skill set applicable to many business career paths. Professors taught me the critical skills of being precise and concise. I transformed from an individual who spoke and wrote a great deal but said very little to a job prospect and employee who communicates powerfully with fewer words. This skill is critical when communicating with C-level or VP-level executives. Alfaisal university gave me a great deal of confidence and a refined set of skills that make me a proactive decision-maker and valued employee. I utilize many of the skills I learned from in the MBA in my profession as an integrated program manager in my workplace."
Issa Nasser Alissa  
Master of Business Administration

Thanks for everyone helped me to get the degree.

Ahmad Abdulaziz Alwassil
Master of Business Administration
Thanks for everyone that supported and encouraged me to increase my knowledge, develop my skills, expand my horizon to higher level. Beside the knowledge I gained from my MBA program, I had the honor to meet great teachers and students and to have them in my friends circle.
Special Thanks to:
First of all, Thank God (Allah), and My family ( My Parents, Brothers, and Sister), Great thanks to My Wife (Jenan) and My Daughter (Sarah), to the University’s faculty for the continuous support that I had during my MBA program, and my cousins especially (Mohammed, Fahad, and Abdulaziz).

Fares Saad Alnasser
Master of Business Administration
The MBA gave me a broad perspective on different aspects of business.
I wanted to thank you for being so supportive over the years. I am so thankful my parents. It has been exactly what I needed to learn all that I have. You gave me freedom to be who I want to be and learn in a way that was right for me. Thank you for following your dream to help others find their dreams! Best wishes to you.

Mohammed Ibrahim Aljotil
Master of Business Administration

MBA at Al Faisal University was significant phase in my life. The program combines academic theories with real world practical. I acquired many skills of management, business, and strategy. It was valuable opportunity to be student in such world class university, and meet exceptional faculty and students.

Mesfer Mohammed Abu Dahash
Master of Business Administration

After finishing my undergraduate study in business administration, I have decided to pursue a master’s degree focusing more towards business and management. I found that, MBA program has the course structure which satisfied this criteria so, I decided to enroll myself at AU in 2013 and in that time I found the MBA at AU is one the best in Saudi Arabia in terms of the high quality program provided and high qualifications of the faculty members. I believe that the time I spent at AU was well worth since I’m gaining now a new perspective of Management and leadership. Hey AU wish you all the best!
Thanks to Alfaisal University to give me the opportunity to develop my skills and knowledge.

Naif Abdulaziz Aldewli

Prior to my four years in Alfaisal University I had no clear vision of what I want to pursue in my career. Fortunately, I am gratified to conclude that this experience have not only improved me academically and intellectually, but also shaped me in promising ways. Throughout these years, I have been given the opportunity to become more independent and responsible. I can say this experience was challenging yet self-rewarding. Experience along with the ascertained abundance of knowledge; helped me grow in character, which have added an immense value to my life. Right now, I have fairly an accurate idea concerning what I want to pursue in my career. Finally, I am grateful for these wonderful years of personal growth and significant intellectual development.

Alfaisal University is simply the most compatible institution for me. As a business student, the environment is tailored to create a realistic simulation of the business sector. The many researches we conduct, analysis, field trips to see first hand the core aspects of conducting business, and even gaining the many skills and competencies are all apart of the Alfaisal education. Coming from San Diego California, it was truly an honor to be apart of such a family and place of study, i was exposed to many different ideologies and people, that allowed me to grow as both a business student and future employee. I Truly recommend this University to all students searching for a place to develop skills and gain a real insight to the business world. As students, we are the futures greatest asset, and Alfaisal University is the greatest place to invest for a more than likely successful future.

Bader Majed Abdulkader
Bachelor of Business Administration

I sincerly enjoyed my educational expericne at Al-Faisal University. I got to know some great people and made lifelong friends. I wish the best of luck to the class of 2015.

Samy Kareem Jamali
Bachelor of Business Administration

Throughout my three-year journey at AlFaisal University's College of Business, I was fortunate enough to get a feel of what a college experience is all about. Alfaisal University is a student-centered university, and the College of Business has managed to ensure that to its students. The level of support that I have received from faculty members, staff and fellow classmates was truly remarkable. It helped me better understand who I want to become both personally and professionally. What I loved the most about the CoB is that we were all one big family. Everyone worked so hard towards achieving a common goal, which is flourishing one’s mindset and broadening his or her horizons. As my journey ends here today, I’m proud to say that I graduated from AlFaisal University’s College of Business, while witnessing first hand this institution thriving. I shall be forever thankful that I got to undergo this experience with such amazing people that are practically my family, whom I will never forget.

Abdulaziz Mazzyad Alshebaiky
Bachelor of Business Administration

The honesty, respectfulness, and transparency between the members of Alfaisal University are the defining aspects of my experience here. When I first joined AU in 2011, I had been through three difficult years that were detrimental to both my mental and physical health; I had lost hope in myself. The welcoming embrace and support I received at AlFaisal University have indeed been some of the most important factors in my recovery. One of the lessons I have learned here is one that has been echoed to me by every mentor at AU: “Learn from your mistakes, and believe in yourself.” Thank you all for this wonderful journey...
Thank you

Ibrahim Khalid Alibrahim
Bachelor of Business Administration

It is the best feeling in the world, to know that you are the reason your parents are smiling.

In the end, it's not the years in your life that count. It's the life in your years.

Abdullah Ali Altaleb
Bachelor of Business Administration

Being a student in Al-Faisal has been a fantastic experience. I found the quality of the academic staff to be superb and that the program is very well designed to combine academic teaching with hands-on learning experiences. This combination really worked and I feel that I have developed in terms of management knowledge and skills and in personal competencies such as self-awareness, presentations, teamwork, leadership and negotiation. My past years at the university was an intimate and enjoyable time with friendships formed with classmates and faculty alike.

Bachelor of Business Administration

My three years experience at Alfaisal University not only made me a better student, but also prepared me in incomparable ways for my career. I wanted to thank my instructors for being very supportive over the years. I gained a lot of knowledge and practical strategies that will be beneficial to me in the future.

Majed Abdulrahman Alsemari  
Bachelor of Business Administration

I spent a wonderful 4 year undergraduate degree at alfaisal university with a great campus and staff.

Majid Mohammad Saleh Alsaleh  
Bachelor of Business Administration

Malcolm X said “Education is our passport to the future, for tomorrow belongs to the people who prepare for it today”. Attending Alfaisal University I feel that I have definitely been able to attain my passport to a bright future. The experience of my time at Alfaisal has had its highs and lows, yet today I feel that there was not a point where I was unable to benefit from the values and principles that the University instills in its students; faith, Knowledge and Performance, along with the high level of education has made it possible for me to be able to pursue my own aspirations better than I could.

Mashehor Ahmed Alsakkaf  
Bachelor of Business Administration

الحمد لله أن من على بنعمة التخرج ول رأني شرواف، كنت أحد خريجي هذه الجامعة العظيمة، فلأنها شكلت فينا - برفقة زملائنا - أخطاف جميلة لا ننسى فيها العلم والتعليم هو الأمل العظيم والهدف الأساسي للحمد لله على فرصه وكرمه ووفيقه.
Welcome, College of Engineering (CoE) class of 2015, into the distinguished community of engineering professionals. This day and age in engineering demands innovation and breakthroughs to invent personalized solutions and smart cities. As represented by the Team Alfaisal Shell Eco-Marathon champions for the Perseverance and Spirit Award, I am proud to say that all of the CoE graduates embody the team spirit, ambition and resilience needed to face today’s challenges and demands.

Alfaisal is extremely proud to be the first College of Engineering in the city of Riyadh to congratulate the first group of female engineering graduates, who are truly pioneers, paving the way for future generations. It is noteworthy that this year 41 degrees were awarded by the CoE, the highest number the CoE has seen so far, with 32% of engineering degrees awarded to females. This is a major milestone, not only for Alfaisal, but also for the Kingdom as well.

I’d also like to share my appreciation for our dedicated faculty members whose mentorship, teaching, and leadership has helped the CoE class of 2015 arrive at this moment.

Congratulations CoE class of 2015, I wish you all a bright future ahead!

With only a few weeks left for me to receive my Bachelor degree in Electrical Engineering, I can clearly see all the challenges I have faced and all the lessons I have gained. I have experienced Alfaisal on an academic, social, and personal level. Walking out of Alfaisal, I am no longer a young high school graduate with endless uncertainties in what, who, and where I want to be in the future. Today, I am so close to being called an Electrical Engineer, and I know exactly what I strive to accomplish and what I am capable of accomplishing at this stage in my life. All these aspects that I have come to learn today were primarily handed to me within lecture rooms, enlightening endeavors with prestigious persons in and outside my field, extracurricular activities, and professional engagements and responsibilities in Alfaisal University.

When I submitted my undergraduate application, I knew Alfaisal University would be a good teaching institute. However, I received a much greater experience than was anticipated with a pronounced curriculum in my field and extremely capable instructors with wide backgrounds and intricate teaching styles. I will walk out of Alfaisal’s campus knowing I am well structured and well educated to take on my next journey in life.

I am grateful to have been part of the Alfaisal family throughout the four years of my undergraduate experience.

Lulua Khalid Alsudairi
Bachelor of Science Degree in Engineering

When I first applied to Alfaisal University, I was enamored of the quality of education and availability of advanced majors for both male and female students on equal spectrums. I am honored to be graduating among a Saudi university that took the lead in encouraging its female students to grow and prosper, adding their intellectual contribution to the society. As students in Alfaisal, we were constantly supported and encouraged by our faculty members to voice our ideas and pursue the paths we choose. The significant amount and diversity of topics we encountered in our studies aided us to work with professionals in governmental organizations and international companies, acquiring a better problem-solving mindset for tackling complex problems. Today, I am proud to be named the first female to graduate from Saudi Arabia with a B.S. Degree in Industrial Engineering.

Lulua Khalid Alsudairi
Bachelor of Science Degree in Engineering

Now that I’m graduating in 3 weeks, I’m receiving flashbacks of all the memories I lived at Alfaisal University. In high school, life was a lot easier; I used to be the best in class with no real competition. On my first week at Alfaisal, everyone in my engineering class was the best in their high school classes. My first semester was my biggest challenge, I dropped a course at a late stage, I used to wake up at 8 a.m. on my day off to study, I considered dropping out of college and I looked at the deans’ list students at the convocation day as survivors! Now, with all that said, I’m proud to say that I maintained being the best in class, just like what I used to be ever since grade one.

I trusted Alfaisal when Software Engineering was a startup program, and this trust was a real investment in my future. Alfaisal, the people, the knowledge, the experience, the activities, the internships, thank you, thank you for making me a better me!

Alanoud Musaad Abdulaziz Alturki
Bachelor of Science Degree in Engineering
Hoda Ahmed Galal Elsayed
Bachelor of Science Degree in Engineering

1st Honor

Computer, software technology, and programs were all things I started to have an interest in since high school. I totally believe that they will revolutionize the way we learn and because humans still have the most extraordinary mind of all, I thought of learning about the programming logic behind the most powerful communication devices that participate in our daily activities. When it was time to choose a major, I decided to transform my passion and ambition into a real knowledgeable experience that would add to me and be a software engineer, a thing that I was able to do at Alfaisal University.

In Alfaisal University, I was subjected to lots of materials and projects that with no doubt required proficiency, dexterity and expertness which we were taught by our exceptionally outstanding professors. I learnt that theoretical knowledge along with the practical sense are the keys to be a real software engineer whose main task isn’t only to make some haphazard programs; instead, software engineers develop, maintain and test the basic foundation systems of every institution in the world. This all and even more, I learnt here, in Alfaisal University, to welcome a broad range of problems related to systems’ design and construction and make my priority to figure out solutions for them to provide high quality products.

In my opinion, software engineering career path is an excellent choice for anyone who has a creative mind, good coding skills and eagerness to learn and create, considering that its job opportunities are plentiful because the field is expanding at a quick pace, which seems to continue for the next decades. Alfaisal university is currently one of the best universities in Kingdom Of Saudi Arabia and I’m sure that within the few coming years, Alfaisal university’s rank will be among the top universities in the Middle East as well as around the globe. Such University, where everyone is part of one big family, deserves this and even more. I’m so proud to be part of this family, Alfaisal’s family..

When I reflect on my four years at Alfaisal University, I conclude that this experience has totally shaped me to be a better me, not only that, but also prepared me in unpredictable ways for my career. I was challenged to discover skills I never thought I had.

My four years in the Software Engineering program at Alfaisal University were by far the best years of my life, and the best educational experience I’ve had. Nowhere have I found students and faculty more engaged than Alfaisal Family. There was encouragement coming from all sides and that can never be underestimated in contributing to be a successful University. Moreover, the significant effort of my incredibly supportive professors who were nothing short of champions.

Surely, as any experience it has its challenges, but I knew one day all of this will be worth it. It was a wonderful time in my life, and certainly will be missed. (heart)

Lena Abdullah Alghamdi
Bachelor of Science Degree in Engineering

Writing the testimonial is one of those things. I’ve been staring at the form all day long, wondering what will I write? And how should my testimonial be? Then I decided I’ll make my testimonial my goodbye letter to my University, my friends, and my classmates.

To all my friends and classmates, it’s been a great pleasure meeting you and having the chance to know you. Each one of you added a value to me and hopefully I did the same to you too. My Software Engineers, we’ve faced every obstacle together. We had our different moments of love, support, joy, sadness, and sometimes annoyance of each other. One day we’ll be GREAT, and the other we’ll be in a place where we might kill each other Lol. I will miss you and miss our days.

AlFaisal University, you will be Missed!! You’ll be missed with all the uncomfortable chairs, the amazing cafeteria that just opened on my last year, the hallways that look like Ladies Kingdom (we still love it though), and the amazing faculty and staff that give their best to help us in anyway possible. Thank you AlFaisal for everything you offered to us and every opportunity you gave us.

This won’t be the end it is the beginning, the beginning of a new life. A life outside our comfort zone, outside AlFaisal. A life with new opportunities.
Wow, already it’s the end of my last year! I have to admit that I’m a bit sad that this is the last year because I’ve become so used to being your student and I can’t believe that I’m already graduating. It seems like yesterday that I was a giddy freshman getting ready for the long road towards adulthood. Even though it was for a small portion of my life, I must say that it was truly a great honor to be one of your students (AlFaisal University). Thank you so much AlFaisal University for helping me get to where I am now.

Graduation day... So now it’s time to say good-bye to all the AlFaisal university family! You know it’s been about a 4 year now and I believe I’ve gotten the most that I could get from attending. AlFaisal University has allowed me to move on with my life and accomplish many of the goals that I’ve set out to do.

Dana Talaat Alqhtani
Bachelor of Science Degree in Engineering

I appreciate all the help I have gotten from my faculty and their ability to have changed me and improve my abilities and knowledge through out the four years of college where they kept me going and excelling at what I have learned to deliver the expected results and some.

I’m lucky enough to have been in a family that places education at the top of its priorities, it is with their support and guidance I find myself writing this today. Studying at Alfaisal has been a pleasant experience. I would like to thank all my professors and colleagues for their constant support. Alfaisal offers the finest quality of education in the the most friendly environment. I believe the university may one day be recognized as the best across the middle east.
Without a doubt, Alfaisal University prepared me for my professional life from the very beginning to the last day. I feel now that I am better prepared than my counterparts who went for different universities, both in theory and practice, because here I was given lots of focus, attention and care about my progress from my professors. I have pretty much enjoyed my time as a student here and I’m sure I’ll remember it for the rest of my life.

Yasser Mohamad Isam Zahra  
Bachelor of Science Degree in Engineering  
2nd Honor

As an ambitious young high school graduate I decided to apply for Alfaisal University. My initial impression of Alfaisal is that it has a multicultural environment and that it attracts distinguished faculty members. Because of my interest in physics and mathematics, I decided to join the college of engineering. This interest developed to be a passion for my electrical engineering major. Alfaisal gave me the opportunity to study world class engineering courses and have my internship in one of the most famous companies in the aeronautics industry in the world. Alfaisal always pushed me off the limits to insure that I will grow to be a strong professional engineer that can handle hard technical challenges and to refine myself as a human being.

Fahad Mohammed Alomeim  
Bachelor of Science Degree in Engineering  
2nd Honor

The 4 years spent in Alfaisal University were definitely the highlights of my life. It allowed me the space I needed to learn and attain success. Even though one of the dearest chapters of my life is coming to an end, I couldn’t be happier and content with what I have achieved so far and as always looking forward to more.

Rashid Shaikh Mohammed Shahid  
Bachelor of Science Degree in Engineering

Tariq Marwan Alkhateeb
Bachelor of Science Degree in Engineering
Few will understand. Do you let?
Abdullah Mohammed Alkhaldi
Bachelor of Science Degree in Engineering

Long, hard and very challenging years. I think I’m ready to any type of challenges in future regardless of how hard are they. Thanks Alfaisal

Abdullah Mohammed Akhorayef
Bachelor of Science Degree in Engineering

It has been a pleasant experience. Proud to be an Alfaisal graduate, and looking forward to the future!

Abdullah Mohammed Wasif Alsebaie
Bachelor of Science Degree in Engineering

Today, where I am proudly writing my testimonial, is a memorable day. I would like to thank my parents a lot for the effort they made to let me reach this stage. I would also like to thank Alfaisal University and my professors for the hard job that they made to give me this amazing life experience. They gave me the opportunity to learn a lot of useful life tips. I will remember all of the things they taught me and will apply them all.

Abdulla Mohamad Walid Alrihawi
Bachelor of Science Degree in Engineering

Four years ago, when I joined Alfaisal University I was looking forward for high quality of education which lead to a professional performance in the working environment. My experience in Alfaisal gave me many opportunities that many students around the world wouldn’t have. I would like to thank everyone who supported me to become an Industrial Engineer starting from family to my great professors and ending up to my friends that I was very lucky to meet them all. We will Always Remember those three words: «Faith ,Knowledge and Performance.»

Abdulmohsin Abdulhakim Ababtain
Bachelor of Science Degree in Engineering

Abdulmohsin Abdulhakim Ababtain
Adnan Issam Adnan Alkhatib  
Bachelor of Science Degree in Engineering  

Life is just like a train where we have to stop by all of its stations to reach our goals, but in life some stations take more time than others. Graduation is a station that needs a lot of time and effort to pass, and here I am proudly writing my graduation testimonial. One of my main goals in life was having a Bachelor degree in Electrical Engineering, and after 4 years of hard work, I’ve passed this life station just like a dream that came true. I’ve chosen the Electrical Engineering major because I found it to be the most challenging and interesting. This major fitted my specific needs because it requires an inquisitive mind, dexterity in solving problems, analyzing and evaluating data and the ability to think logically. After achieving this goal completely, I am going to start working hard for my next dream and hopefully pass the master’s degree station.

Majed Mohammed Bin Suwailah

Yousif Hany Elhossainy
Bachelor of Science Degree in Engineering
Dear College of Medicine Family,

My beloved students and dear colleagues, we are today living the reality of our dreams. The students of Alfaisal University have shown high performance skills by achieving exceptional scores in progress tests, qualification exams and USMLE exams.

Your publications provide evidence of your research interest, and your community service has become highly recognised.

The wonderful bond we have between students and our distinguished faculty in the College of Medicine has nurtured our success.

And has paved the way for the College of Medicine to lead all other colleges in health science research, grants, and publications.

Today we are one family and we are all committed to excellence. We will continue to improve and maintain this leadership for years to come, as we are committed to be a world-class college in accordance with Alfaisal mission and vision statements.

I wish you all the best this academic year, and I also wish our graduates a long and prosperous career in Medicine.

Dr. Khaled Manaa AlKattan
Acting Vice President for Administration and Finance
Dean, College of Medicine

Amani Khalid Binmahfooz
Master of Radiological and Imaging Sciences
1st Honors

It has been a great experience.
I have learned a lot during the past two years.

Reem Ali Althamadi
Master of Radiological and Imaging Sciences
1st Honors

Masheal Abdullah Aldwais
Master of Radiological and Imaging Sciences
1st Honors

Nada Ahmed Alsharif
Master of Radiological and Imaging Sciences
1st Honors

nada ahmed alsharif , thanks for the college to give us this upertunity to continue our education path and a great thanks to professor Gary Said for this program .

Albatole Ali Gorban
Master of Radiological and Imaging Sciences
1st Honors

I remember thinking when I receive a call from Dr. Mohtasaab ask me to register and join the program. I registered at Alfaisal University Master of radiological and imaging science but I was not sure if this is program going to continue because we are the first generation, at the same time I was happy the program director Dr. Gary establish it here same as program at Tomas Jefferson university in Philadelphia, he make it accessible to reach the goals and have the opportunity to fulfill my dreams.

I wanted to go to outside kingdom for higher education, but working full time job and tuition costs have been sky rocketing, and I couldn't afford it. Fortunately, I enrolled at Alfaisal University and was awarded MOHE. MOHE scholarship has help me tremendously financially and allowed me to stay in university, it’s helped me reduce the amount of student loans and reduce financial pressures. MOHE and the program has brought me closer to my goals and I am greatly appreciative, its contribution to my success in master. When I started I did not realize how hard the program would be...but I am glad it was hard and I am glad I get through. I am a first-generation master of radiological imaging the The most beautiful word in the English language: Done Done and It feel soooooo good. Good luck to all of you. It is hard but very worth it. Just want to encourage all those still working.
Honestly, it feels awesome to get an opportunity to write about my enriching experience at Al Faisal University, and the life after. I came to Al Faisal University in August 2012, to pursue Master in Radiological and Imaging Sciences. I am very grateful to Prof. Gary Sayed, who quickly recognized my potential. His role in making me the person I am today is unforgettable.

I was working as a full-time employee at National Guard Hospital. And I was not the only one. A lot of students in this program share the same story. Working full-time and studying was extremely challenging in terms of trying to balance work commitments and personal life. My goals encourage me how to balance full-time employment with postgraduate study. However, getting into this program at Al Faisal University was the best start I could ever get to make an excellent career in the field of Radiology and an important addition to my résumé. I have been very fortunate to get a platform, which gave me courage to dream, and strength to accomplish those dreams.

إن شاء الله تخرجي هي بداية مشواري العلمي

امتنان لله تعالى

I have many recommendation

After finishing my undergraduate studies in radiologic sciences, my next step was to pursue a master’s degree focusing more towards the education track but at the same time not digressing from my science background. A Master of radiological and imaging sciences program (MRIS) had the course structure which satisfied this criteria and I opted to join the MRIS program at Alfaisal University in September 2013. The time I spent there was well worth it, gaining a new perspective of radiological sciences, strengthening my core sciences, and developing my education thinking. The quality of the (MRIS) program was impressive and the courses I took in Radiological sciences, research, planning, and education helped me overpass alot of obstacles that I was suffering of.

Alfaisal University is a great place to find your future. The educators have high standards; they made me reach farther than I imagined possible. My advisor was amazing. He helped me keep the faith on several occasions when I felt like giving up. I count myself lucky to be among those who have had the privilege of the climb. Many thanks to all who made that possible, especially Professor Gary Sayed.

Success has always been a main goal in my life and in order to fulfill this goal I knew it was essential to me to pursue my goal by entering the MBS program. It gave me the opportunity to reach this significant goal. As a graduate student enrolled in the MBS program I have acquired various desirable skills that are essential to my career. I entered the program with BS in Biochemistry, I was eager to learn how to become a good researcher.

Bothina Mohammed Alharbi
Bachelor of Business Administration

This is the end of this journey, it was a great experience to be one of AlFaisal university students and surrounded by good, nice, kind and supportive people like Dr. Ali Khraibi and Dr. Ronald DeMeersman. Thank you so much for everything because it will be remembered.

Graduation. So...now it’s time to say goodbye to all the MBS family! It’s been about two years now and I believe I’ve gotten the most that I could get from attending here at Alfaisal University. I feel the support that I’ve received will allowed me to move on with my life and accomplish many of the goals that I’ve set out to do. The staff and faculty truly care about our education and they want each and every one of us to succeed. While attending here I’ve also gained a really good friend. I would like to thank my family specially my mother and my aunt MONA for their moral support they have extended to me through my study. Although, I would like to thank Dr. Ronald Demeermsen personally for his academic goodness in achieving our aims. With best wishes of success for all students.

“Whatever the mind of man can conceive and believe, it can achieve” - Napoleon Hill.  
“Only those who will risk going too far can possibly find out how far one can go” - T.S. Eliot.

When I reflect on the five years I spent at Alfaisal University - College of Medicine, I conclude that my journey through Alfaisal did not only provide me with good quality education, but also prepared me to be a better doctor in the future by encouraging me to expand my skills beyond pure academics through participating in clinical and basic research projects. Definitely, my success through this journey wouldn’t have been possible without the continuous support of my beloved family; for whom I would like to express my deepest gratitude. I would also like to thank my friends for adding a special taste to this journey. Congratulations class 2015! We did it!

Abu Hurairah (May Allah be pleased with him) reported: Messenger of Allah (ﷺ) said, “A strong believer is better and dearer to Allah than a weak one, and both are good. Adhere to that which is beneficial for you. Keep asking Allah for help and do not refrain from it. If you are afflicted in any way, do not say; ‘If I had taken this or that step, it would have resulted into such and such,’ but say only: ‘Allah so determined and did as He willed.’ The word ‘if’ opens the gates of satanic thoughts”. [Muslim].

وإن أصابك شئف لا تقلي وأحص على ما ينفعك واستعن بالله ولا تعجز...
Putting such a boundless experience in few lines is certainly a reductionistic exercise that necessitates an essentialization of an otherwise sophisticated learning process, which incorporates a fabric of knowledge, beliefs, values, insights, habits, competencies and skills woven at different individual, inter-personal, institutional, national and international developmental levels. The academic and scholastic research undertakings—as means of systematized scientific and unstructured metacognitive inquiry—that I have embarked upon, given the unique environment that Alfaisal University provides, is to be proudly mentioned. Although the connotation of the word ‘graduation’ being the end of an arduous educational endeavor remains applicable, I perceive my graduation as the commencement of a new and a more inspiring phase of learning, for it’s the keys and tools that we have hitherto acquired; now, its time to utilize this capability for an exceptional excel in this universe, bringing excellence to mankind. A Medicinae Baccalaureus, Baccalaureus Chirurgiae, and there is more way to go...

Although I feel so happy and optimistic, I will miss the nice days with friends at Alfaisal University. Graduation is not the end, it is just the beginning of the endless journey in the sea of medicine. All thanks to God All Mighty for helping me reach to this point in my life and I hope He helps me in doing good for people with what I have learned and will learn in the future. I would also like to thank my parents for their support and patience during all these years and for standing beside me during all the tough moments in my life. A special thanks to all my friends as well, with whom I worked hand by hand throughout these years to achieve our goals. Last but not least, I would like to thank Alfaisal community that helped me pursue the career I love.

It was a long journey!

I owe thanks to my parents who always support me. Without them, I never would have been able to find my way in life. I am truly blessed for having such a wonderful family, friends, and fellows. I would never forget the great experience and the beautiful memories I lived with them.

On this great day, I would like to thank you Mom and Dad for your unlimited support and help. May Allah provide us with the means to make this world a better place. Alhamdulillah!
Turki Ali Elarjani  
Bachelor of Medicine, Bachelor of Surgery  
1st Honor

I joined Alfaisal University, College of Medicine, due to the rich environment provided to all of its students, such as world-class faculty members, Clinical and research experience locally & internationally. All of these factors have significantly aided me towards my goal and, hopefully, future career.

Most importantly, I had the opportunity to meet various students, whom I consider them as close as siblings, and faculty members who are intelligent and were always welcoming. I was greatly impressed by the level of assistance and support granted by the dean of the College of Medicine, Professor Khaled Al-Kattan, a trait seldom discovered in most of the other deans. Given these remarkable features, I am optimistic towards the future of the College of Medicine at Alfaisal University.

I am proud to be graduating as a medical student from Alfaisal University. I find the environment at Alfaisal University very lively, encouraging, good for studying, and multicultural and the best part is that the university keeps on improving each day. Though the university facilities are still in growth phase, it still offers a good learning environment with emphasis on excellence in teaching, research and services. All of these make Alfaisal University a great place to study in.

Mohamed Danny Rayzack  
Bachelor of Medicine, Bachelor of Surgery  
2nd Honor

I could not ask for an experience better than my experience at Alfaisal. No one in the right mind would believe that graduating from medical school is easy and free of challenges. But it is the talented students, inspiring faculty, and numerous learning opportunities, that all got together to take me on a joyful journey to become one of a kind physician.

#ThanksAlfaisal

Nidal Muwaffaq Munia Abdulmoula

During the past 5 years, I learned what I truly appreciate in life.

Mohamed Adnan Alshamrani
Bachelor of Medicine, Bachelor of Surgery
2nd Honor
In the five years I have spent in Alfaisal University, not only have I acquired a massive sea of knowledge from the excellent faculty who not only taught me but also inspired me to learn independently through hard work and dedication; I have acquired the skills and motivation necessary to be a competent and competitive individual ready for the obstacles and challenges that lie ahead in my future career. After joining Alfaisal University, I have found myself inducted into a large and welcoming family of world-class faculty members, excellent and dedicated staff members, and a diverse and lively assemblage of students who were inspiringly eager to excel not only academically, but also to create an environment ripe for social development and to make Alfaisal University a place we can call home. I have no doubt that the skills and the relationships that I have developed here will have me thinking fondly of Alfaisal for years to come. If given the choice, I would definitely choose Alfaisal University again.

Abdullah Safwan Nasif
Bachelor of Medicine, Bachelor of Surgery
2nd Honor
Great times at AlFaisal University!
I learned so much more by doing rather than just sitting in lectures and reading. The clinical gave me an opportunity to feel what it is like to practice real medicine. I learned about interesting issues in the nervous system that I didn’t even know existed. It was also great to have opportunities to discuss issues and share experiences with the other medical students in KFSH&RC. Patient interaction and being able to make a difference really set this KFSH&RC experience apart from others. I’ve gained advocacy skills, knowledge of the system, and an enlightened perspective from my experience.
Graduation isn’t the end of a tough journey, it is the beginning of a beautiful endless one! I thank God All Mighty for helping me to achieve my goal. I also thank my parents and my friends for their huge support during all these years.

Ibrahim Saud Almosalam
Bachelor of Medicine, Bachelor of Surgery

Studying medicine was always my life long dream. When I came across Alfaisal University’s, I saw this as an opportunity to realise this dream. The clinical experience that were offered as part of the program have proven to be valuable learning tools for my future.

Ahmed Mohammed Abdelaal
Bachelor of Medicine, Bachelor of Surgery

I would like start off by thanking Allah Subhanahu Wa Ta’ala, for all the blessings that have been bestowed upon me. Then I would like to thank my parents and all my family for their never ending love and support throughout my life. Special thanks must go to my parents for all their efforts in always doing what is best for me and my siblings, and providing us with the best environment and opportunities to excel in all fields. I would also like to thank my brother and his family, my sister, my uncles and cousins in Riyadh who helped me settle in and made me feel at home away from home in a new city. I must especially thank my father, mother and my sister for helping me succeed in my medical education, I would not have made it this far without their help, guidance and prayers.

I would also like to take this opportunity to thank my friends and colleagues, as well as the staff of Alfaisal University and KFSH & RC who were always there to motivate me and lend a helping hand in my education. I would like to congratulate all graduates for their achievements and wish all my classmates and future graduates from Alfaisal University successful and rewarding careers in whatever path they choose to follow, as well as all the best in their future personal endeavours.

Finally, I would like to end with these verses from the Holy Qur’an:

Alhamdulillah we’re done! I remember my first day of med-school like it was just yesterday. It’s been a tough, yet an incredible journey over the last five years. I’ve met many great people and made friendships that will last forever. I’d like to thank our beloved Dean (Dr. Khaled Al-Kattan) and faculty members for providing us with high quality education, and more importantly to thank my family for their continuous, unconditional love and support throughout the years. I would like to wish my fellow doctors the very best in their future paths!

Ahmed Mujeeb Khan
Bachelor of Medicine, Bachelor of Surgery
Ashfaq Ahmed Faiz  
Bachelor of Medicine, Bachelor of Surgery

Wow, it’s hard to believe that 5 years have passed by so fast! Feel like only yesterday that I walked into Alfaisal for the first time wondering if i’d be able to survive the first year of medicine, let alone 5 years! But it’s been a wonderful, fast-paced exhilarating journey so far, like a typical roller-coaster ride, full of ups and downs. And for that I’d like to thank my family, our dear Doctors and Professors among many others as well as my dear friends, for taking part in, believing and supporting me throughout this remarkable journey!

To the Class of 2015, they say we’re graduates now. But we all know that a journey of a thousand miles begins with a single step. Where ever your paths may lead, I do hope you accomplish all that you wish for and that our paths may cross again someday. Till then Adios Amigos

It’s just the beginning.

Amin Eili Almardini  
Bachelor of Medicine, Bachelor of Surgery

I like the fact that the classes are small and the instructors are friendly. They are always willing to help, and are very flexible in meeting to help students. Alfaisal University offers students a wide choice of social activities. The environment here is sociable and many of my classmates have become friends.

Afzal Asef Alam  
Bachelor of Medicine, Bachelor of Surgery

During my progression over the last five years, my experience has been exceptional. The level of clinical experience we receive from an early stage of the course has been invaluable, and it has molded me in more ways than I could imagine. There is nothing better than soundly applying the concepts of clinicopathophysicsology to your patients as medical students, and that was made possible by the dedication of the faculty staff and their levels of experience and erudite expertise.

Ayman Walid Shagdan

«I slept and I dreamed that life is all joy. I woke and I saw that life is all service. I served and I saw that service is joy.» - Kahlil Gibran

Hamza Youssif Sawan  
Bachelor of Medicine, Bachelor of Surgery

Believe it or not, our medical school at Al Faisal University is a source of pride and aspiration due not only to its dedicating staff and dear mates but also to its continual efforts to cope with and match the best established medical institutions worldwide. I have truly witnessed days and years that altogether have shaped a new character of mine. It is not medical education that has availed us; it is the real medical experience we have acquired through extensive practice, persistence and patience. I respectfully bow for all my tutors regardless of their names or positions as all of them have begrudged no effort or sacrifice in order to evolve and laminate our new medical horizons based on humane perspectives and scientific ethos.

Now as I am graduating, I want to say “thank you”. And as it is a moment of truth, I find it my duty to humbly urge my dear university to help the needy students. I have suffered a lot due to financial matters. I would like to see my university a place of charitable perfection. Money and fees should not be the goal; the goal is to save worry-free students whose families’ decent life has been ruined by high fees and tuitions. No matter how scholarships are educationally encouraging and stimulating, and financially helpful and facilitating, they are still causing great physical and psychological stress and pressure on beneficiaries.

Khalid Turki Altsan  
Bachelor of Medicine, Bachelor of Surgery

I did not expect to end up here in AlFaisal, but I am glad that I did. The journey was long and tough, but it was worthwhile. I am honored to meet such great people in this university who helped me when I was falling behind and I would forever be grateful to those who helped me from my father and mother to faculty and colleagues, without them I would never be here.

Khaled Juan Zaza  
Bachelor of Medicine, Bachelor of Surgery

Proud to be an AlFaisal graduate!
I would like to thank God and my family for giving me the strength to continue through med school.

Sami Saud Alotaibi
Bachelor of Medicine, Bachelor of Surgery

I would like to thank God and my family for giving me the strength to continue through med school.

Sami Azmi Alazem
Bachelor of Medicine, Bachelor of Surgery

Alhamdulilah! Alhamdulilah! Alhamdulilah! You can’t thank Allah enough for what He has given us. Whether it was a tough OSCE station or an easy MCQ, without His blessings none of us would be here today. After Allah, there is no one else but our wonderful, loving and absolutely perfect parents to thank. They are the pillars we stand on, without their help none of us would be here today. Mama, Abu you guys are awesome! To all the family members in Riyadh, thank you so much for an unforgettable few years, without you Riyadh wouldn’t have been fun. Finally, our respected Dean, Dr. Khaled AlKattan and each and every faculty member, we will forever owe you for the knowledge you have passed on to us, without you we would be nothing.

5 years, 10 semesters, and a million exams later we are ready to graduate, we are ready to be doctors, and we are ready to begin the journey we’ve all been waiting for. Surely, it has been a tough ride but the experiences and the lessons learned will stay for a lifetime.

To my fellow graduating doctors, remember to treat every patient as if they’re your own family and don’t forget, “and whoever saves one (life) – it is as if he had saved mankind entirely.” (Quran, 5:32).

Bachelor of Medicine, Bachelor of Surgery
Friendship + Unity + Cooperation + Knowledge + Understanding = Alfaisal University

When I reflect on my 6 years in Alfaisal university MBBS program, all I can remember is the good time spent with my colleagues, it was not a cutthroat competition, we each had a role in each other’s success.

Atef Mohamed Bicher Alattar
Bachelor of Medicine, Bachelor of Surgery

Thank you to everyone who has helped me in completing this step in my journey, and good luck to all my friends and peers in their future endeavors.

Abdulaziz Ahmed Alansary
Bachelor of Medicine, Bachelor of Surgery

While I enrolled for a medical degree, the best I really received in my Alfaisal Training were the General Courses offered to produce a well-rounded person, they had a deeper influence on my understanding of the worldly sciences and their relationship to the humane understanding of Medicine, as it has been said, Medicine is the most scientific of Arts and the most artistic of Sciences; the ability to converge both sides is a never ending journey. Typically, what distinguishes Alfaisal from other universities is not an ontologically intrinsic quality into itself, but rather its great association with King Faisal Specialist Hospital & Research Center, a great place to be trained in and to be exposed to its artistic approach to patient care, and State of Art Research Facility it has. I am really grateful for those rare moments when I met certain great physicians, and how they influenced my clinical judgement and skills on various aspects of Clinical Medicine, its branches and subspecialties. I am now, thankfully, better equipped to give back to my community from what I have learned through these corridors of Main Hospital, Outpatient Building, North Tower, and the like.
Abdullah Mohammed Alsabek  
Bachelor of Medicine, Bachelor of Surgery

Graduation, a day that has been longly awaited, is finally here. We march today with hearts filled with happiness, joy, and excitement. However, just when I thought that nothing can take off my smile on this great day, the thought of us leaving to pursue careers in different directions did. It is true that a long journey awaits us, and it is true that no one knows for sure where he/she will end up, but one thing is certain, and that is we who are graduating here today are bound to each other, and this bond is for life, therefore I wish my brothers and sisters graduating today the best in their future and may all of us be a pride for our families, professions, and countries.

I am grateful for everyone who I met here, that credit goes to Alfaisal. We have learned that Friends + Understanding + Cooperation + Knowledge + Unity = Alfaisal University.

Finally, I would like to thank my family, I wouldn’t have able to make it without them. 
Dear beloved mom, dad, Lilace, Sataney and Aslan, THANK YOU GUYS SO MUCH!

“When I joined Alfaisal, it was a very young university with a new medicine program. We had a lot to prove. As the challenges presented themselves over the years, the college and the student body would work together to find a solution. In doing so we became more than the sum of us. I would like to believe that I have grown as a person and gotten a sense of what I want to do in the future. This was an interesting experience.”

Izeddine Hariri Rifaie
Bachelor of Medicine, Bachelor of Surgery

“It is what it is,
So stick your chest out, keep your head up,
and remember to smile through it all,

Ali Moussa Alameer
Bachelor of Medicine, Bachelor of Surgery

Thanks for everything

Omar Ahmed Binjubair
Bachelor of Medicine, Bachelor of Surgery

Never succumb to despair. Look up and keep going. If you fall look your father in the eyes and find courage. If sadness covers you let your mother’s smile dissolve it. If boredom holds you, your brothers and sisters are full of joy. Never give up and keep going. Omar Binjubair

Omar Faisal Alabdallah
Bachelor of Medicine, Bachelor of Surgery

I wanted to thank my patch and my family for being so supportive over the years. It has been exactly what I needed to learn all that I have. You gave me freedom to be who I want to be and learn in a way that was right for me. Thank you for following your dream to help others find their dreams!
Arman Schendel  
Bachelor of Medicine, Bachelor of Surgery

Never let it be said that to dream is a waste of one’s time, for dreams are our realities in waiting. In dreams, we plan the seeds of our future.

Fayez Allam Mourad

Never let it be said that to dream is a waste of one’s time, for dreams are our realities in waiting. In dreams, we plan the seeds of our future.

Mohammed Ahmed Alsahabi  
Bachelor of Medicine, Bachelor of Surgery

One thing that strikes me about ALFaisal University is the breadth of opportunity for both academic and personal development. I feel that the style of teaching hasn’t just been about spoon-feeding but more about developing as an all-round professional.

Mohammed Riyadh Alsadoon  
Bachelor of Medicine, Bachelor of Surgery

AlFaisal University is one of the biggest blessings of my life. I am thankful for the honor to be part of AlFaisal community. Studying here for the past 6 years added a huge positive change in my life. In this great institution, I learned two important lessons: 1 To leave this earth better than what I have found it. 2 To SMILE :)”

Mohammed Abdulrahim Arefah  
Bachelor of Medicine, Bachelor of Surgery

Lead by example, being a good doctor is great but being a better human is much more important. Love, respect and cherish those who meet and the moments you spend with them as much as you can, as «all men must die» one day. Finally, stay honest to yourself and to others, dream big, and never give up! God is always looking after us, so have faith in Him and worship Him the way He asked us to, as His blessings are the key to success in this life and what follows.
Mohammed Abdulqader Alhamed  
Bachelor of Medicine, Bachelor of Surgery  

The journey may not have been pleasant the entire way, but no journey is. The people I have met and come across have affected me in so many ways and have kept the journey worthwhile. I've pushed through obstacles and crossed paths with amazing souls. I have these people to be thankful for. My emphasis on how grateful I am for my family who have supported me cannot be expressed more, and the friends that I made will last a lifetime. I pledge that with my knowledge I will use it to help not only those I come across but the world as well to a better state than I will come across. Thank you.

Motaz Mohammad Jamal Chamseddin  
Bachelor of Medicine, Bachelor of Surgery  

For the past memorable years that I have studied in Alfaisal University I would like to start by thanking my idols both my father and my mother who were patient through all these years and who were beside me all the time in every good and bad moment I faced. Second I would also like to thank the Alfaisal family who dedicated their time and knowledge in order to get us to where we are now.

Nasib Mohammad Kabbani  
Bachelor of Medicine, Bachelor of Surgery  

All that I am, or hope to be, I owe to my angel mother.

Hashem Mohammed Shaltoot  
Bachelor of Medicine, Bachelor of Surgery  

Bismillahi ArRahman ArRahmeem. I would like to thank Allah for the success he has given me, and for the respect, confidence, and love he has provided for me. I would like to thank my peers, my best friends, my teachers, and everyone who has made my stay here very special. I must especially thank my Abbu and Ammi for all their support and love. I have been through tough times and they have been through tough times with me as well. I have made mistakes, and they have always loved me more and more. I would like everyone to know that my Abbu is brilliant; I have learned a lot from him, and my favorite thing about my father is his kindness and generosity that he shows to everyone. I believe that if I can be one fourth of the person my father is I would be a very happy and successful human being. Abbu, I am immensely proud to call you my father. My Ammi is awesome too; she is very nice and full of love. If I were to thank Allah EVERY single day of my life for my Abbu and Ammi, I think it would still not be enough. My bro Abdullah has always been the best elder brother I could ever ask for. He has always helped me with great advice and is someone I can really look up to. My sister Saf is awesome; I can really relate to her and remember the fun times we all had together in our childhood. My sister Rahma is Allah’s mercy for me and my family. She is very special to our little family, and I hope I can be a great elder brother for her. So thank you Allah for your countless blessings and happiness that you have bestowed upon me and my family. We can never thank you enough.
College of Science
Congratulations to our graduating students, to their families, and to our faculty members who have contributed generously to their education.

In its quest to become one of the leading science colleges in the region and beyond, the COSGS is engaged in a steady and well calculated growth by introducing a number of new undergraduate and graduate programs that have been selected directly from the Saudi NSTIP (National Science Technology and Innovation Plan). These new programs are in the fields of Life Sciences (nanobiotechnology, molecular genetics, molecular pathology, nanomedicine), chemistry (nanotechnology and forensic sciences), physics (solid state physics & nanomaterials, solar energy, renewable energy, and medical physics), mathematics (computer science and computational mathematics with applications to math of finance and bioinformatics). Currently, the COSGS offers a Bachelor of Science (BSc) in Life Sciences, a Master of Science (MS) in Nanoscience & Nanotechnology, an MS in biotechnology and an MS in analytical biochemistry in collaboration with the College of Medicine. Additionally, the college is in the process of introducing several new undergraduate and graduate programs: a BSc in Forensic & Analytical Sciences and a BSc in Computer Science. These fields will deal with applications to the sectors of health, security, pharmacology, food safety, water quality and safety, and toxicology; the Master program in Nanoscience and Nanotechnology will provide research opportunities with systemic applications ranging from medicine, biology, nanomaterials, biosensors, forensics, to homeland security.

Having successfully attracted a number of highly accomplished scientists and educators, the COSGS has assembled the necessary human resources and physical infrastructure to offer a world-class education to our students. Our aim is to prepare students who are well trained to contribute to the advancement of scientific knowledge. We strive to equip our students with effective skills to engage in cutting-edge research at the interface of science, engineering and medicine so as to be competitive in today’s demanding job markets. In particular, we want to empower our young scientists with an effective training to harness the tremendous potential of new strategic fields such as Nanoscience & Nanotechnology for a wide range of applications in medicine, pharmacy, forensic sciences, energy, environment, water and food safety, homeland security, and industry. These fields are critical to any knowledge-based economy and, hence, are of strategic and existential importance to the future of Saudi Arabia. Additionally, we aim at providing our students with a well-rounded education and a culture of innovation, incubation and entrepreneurship that will empower them to pursue careers in the corporate ladder; in this way, our graduates will not be mere passive job seekers but, hopefully, job creators.

The COSGS and Alfaisal University are well positioned to offer to our students a number of world-class undergraduate and graduate programs that are comparable to those offered in Western universities. We invite you to join the COSGS and benefit from the unique educational opportunities available at Alfaisal University. Though local, yet global, Alfaisal University offers you a truly world-grade educational experience.

Studying at the College of Science in Alfaisal University has been a highly rewarding experience. Our professors were highly supportive and willing to go out of their way to help us grow in every aspect achievable. Their enthusiasm paved the way for us to challenge ourselves constantly and go out of our comfort zones on numerous occasions. With their constant encouragement and support, we were already participating in symposiums and workshops and landing internships by our second semester at the university. The close and familiar atmosphere that accompanied our small number was uplifting and I can genuinely say that the friends and mentors we made along the way are memorable. Overall, I am grateful to have been a part of this community and wish the best for all my colleagues and future students.

Walaa Essam Abdullah Kattan  
Master of Sciences in Biomedical Sciences  
1st Honor

My journey in Alfaisal University has been a long one, yet I feel as if it just started yesterday. AU has given me the opportunity to meet the most amazing, fun and creative group of people and share my college experiences with them. In addition to acting as a stepping stone into the working world, AU has also permanently become a part of who I am, as it allowed me to grow personally and change into the person I am today, and for that, I will be eternally grateful.

Sarah Abdulrahman Alazzam  
Master of Sciences in Biomedical Sciences  
1st Honor

My desire to continue my studies at Alfaisal University has been fanned with how this great institution produces competent scholars, and its elite, enthusiastic faculty and students that will surround me. When I first heard about the Life Science program in my senior year of high school, it was a dream come true, as I have always been astonished by the role science played in helping mankind lead a better life. I am very grateful for our professors’ continuous support, generously sharing their time, talent and knowledge with us. And finally, I am most thankful for the great friendships I have made along the way. I wish everyone nothing but the best, and we will always be bonded by the great experiences we shared in this exceptional community.

Yasmin Mussa Ahmed Mussa  
Master of Sciences in Biomedical Sciences  
1st Honor

During fall 2011, I joined the bachelor’s degree in life sciences at Alfaisal University. Alfaisal University is a place where there are a number of opportunities to explore and shape our future. As high school graduates, we are not able to realize what we like and thus, pursue it further. At Alfaisal, I explored a wide range of areas, both in academics and extra-curricular activities. In addition, I also got involved in a research project in nanotechnology. And here is what I realized after four years at Alfaisal: nanotechnology is what interests me the most, a realization I came to only because I have studied and understood it. This is why my experience at Alfaisal University is very important: it has truly helped me grow and know myself better. It definitely explains who I am now and who I will be in the future.
Studying Life Sciences at Alfaisal has been a great experience where we were introduced to the professional atmosphere of the scientific community and challenged with graduate level courses. I am very honored to have met great professors and friends throughout the past four years.

The overall experience at Alfaisal has further fueled my enthusiasm to continue with my graduate studies.

Abeer Saud Mohammed Alsaud
Master of Sciences in Biomedical Sciences

I choose to be a part of the bachelor degree in life sciences because of the diverse courses offered and the ability to study from a wide variety of subjects that is believed to provide us with a strong background.

As an undergraduate student I had an opportunity to get involved in a research project at the university. During this work, I acquired a broad range of experimental evidence and theoretical background. It showed me how real scientific research work and encouraged my curiosity to explore. It also provided me with a lot of chances to attend and participate in many conferences and workshops around the world and be exposed to scientific environments.

I hope that this degree will be a great start toward continuing my education and graduate studies.

Meshael Mansour Sultan Alturki
Master of Sciences in Biomedical Sciences

The amount of experience I gained from my four years at Alfaisal University is immeasurable. From the perspective of work experience, I was privileged to work with extraordinary doctors who supervised my practical and theoretical research at King Faisal Hospital and Research Centre, which I will be presenting in the Annual American Association for Cancer Research Meeting in Philadelphia this month. And from the perspective of personal experience, by volunteering in many different events including the MOHE IECHE and the University Open House several times, I gained many beneficial connections and was able to personally grow in Alfaisal University’s comfortable yet challenging environment.

Alanood Mohammed Alrashed
Master of Sciences in Biomedical Sciences

In the shadow of the expansion of knowledge which we all call the scientific revolution, our generation has the responsibility to contract a system and a functioning model to marry our inherited faith of Islam with the earned science. Our outstanding professors have facilitated the transfer of knowledge for us to continue the metamorphosis of scientific knowledge, to create the model upon which we base our contribution to the human civilization with our particular accent.

The honourable institution of Alfaisal could be the bastion of such an ambition endeavour. It has provided us with the bases to earn this knowledge and acquire the wisdom that gives us the basic element to construct the most challenging model, we could be the pioneers of this generation that might change the fate of the earth.

Sarah Saud Fawaz Alshalan
Master of Sciences in Biomedical Sciences

Studying Life Sciences at Alfaisal has been a great experience where we were introduced me to the professional atmosphere of the scientific community and challenged with graduate level courses. I am very honored to have met great professors and friends throughout the past four years. The overall experience at Alfaisal has further fueled my enthusiasm to continue with my graduate studies.
